SUMMARY OF COMMUNICATION The contracted and spoke with Prost		

I contacted and spoke with Preston Sleeger to inform him that the Upper Columbia River sampling plan has been finalized and copies are available for DOI and the Bureaus.

Preston Sleeger told me not to send him copies yet because he will first send an e-mail message to the Bureaus to determine which bureaus are interested in receiving a copy of the sampling plan.

I said I would place a follow-up call in a few weeks.

Preston Sleeger informed me that he did not receive a response from any of the Bureaus. Mr. Sleeger told me not to send any copies of the sampling plan to DOI.
